During the past week the 6th annual report of the Nashville Building Association. and the 9th semi-annual report of the Meed. The shares of the former are valued at \$146 92; those of the latter at \$131 33. It would appear from this rate of progress that the Mechanics' Association, although it was organized eighteen months after the other, will wind up first. This is attributable, we presume, to the fact that the share holders of the Nashville Association are generally persons who do not wish to burn money, but are waiting for the concern to wind up before they finger their profits. By this policy they are prolonging the existence of the institution, and decreasing the profits which will accrue to them in the end. They are standing in their own lighr. If they wish to accelerate the winding up of the concern, they must do something to increase the competition at the monthly sales of instalments and make the funds bring greater premiums.

BELL AND EVERETT BELTS .- Our friend C. McNairy & Co., have received, with their fall stock of elegant dress goods, an invoice of ladies' belts, the buckles of which have admirable photographic liknesses of Bell and EVERETT, the Union candidates for the Presidency and Vice-Presidency. We have never seen anything more beatiful or appropriate. As these belts encircle the beauty and glory of the earth, so will the success of BELL and EVERETT encircle the Republic with a belt of patriotism, and bind the States ogether in one harmonious and symmetrical body, lovely in all its proportions and indivisible. NEW METHOD OF COMPUTING INTEREST. Mr. VANARSDALE has discovered a new method of computing interest, which is represented to be a great saving of labor. Simple interest is ascertained by this method by multiplying one set of figures by another, which will give the correct result for any given time at any given rate per cent., on any given amount. The discovery consists in ascertain ing at a glance what figures are to be used. The system is called the "Great Federal SelfDo Ceiegraph.

FOR SALE BY ALL DRUGGISTS.

An aperient and stomachic preparation of IRON purified of Oxygen and Carbon by com-bustion in Hydrogen, of high medical author-ity and extraordinary efficacy in each of the following complaints, viz.: DEBILITY, NERVOUS AFFECTIONS, EMA-CIAPION, DYSPEPSIA, DIARRHEA, CONSTI-PATION, NCROFULA, SALT RHEUM, SCURVY, JAUNDICE, LIVER COMPLAINTS RHEUMA TISM, MERCURIAL CONSEQUENCES, INTER-HEADACHES, FEMALE WEAKNESS, MIS-PIMPLES ON THE FACE, ROUGHNESS OF THE SKIN, etc.

The IRON being absorbed by the blood, and thus circulating through the whole system, no part of the body can escape their truly wonder-ful influence. The experience of thousands daily proves that no preparation of Iron can for a moment be compared with it. Impurities of the blood, deession of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. In all cases of female debility (fluor albus, chlorous, etc.), its effects are delightfully renovating. No remedy has ever been discovered, in the whole history of madicine, which exerts such prompt, happy, of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use. As a grand stomachic and general restorative it has no superior and no substitute.
